

STEEL LOCKERS / OFFICE ALMIRAH
Product Catalogue - 2020-2021

Manufacturer / Wholeseller/ Distributor

FIT-RIGHT makes your life organised and easy with its expertise in the field of racking and storage systems, our core focus is Developing and manufacturing quality components/ products used in storage systems and allied industries.

OUR CAPABILITIES :

MANUFACTURING :

- Best in class manufacturing technology deployment that includes Multiple Roll Forming lines to form various components .
- Automated Powder Coating line and Semi automated Welding Automation systems.
- We have one of the largest manufacturing capacity in India with high flexibility and capability to execute large projects and offer customised solutions as per the needs of the customers in domestics as well as international markets.
- We have the capability to powder coat single piece up to 12 meters in length, which is the best offer in this part of the world.

QUALITY ASSURANCE :

- The raw material used for the manufacturing is subjected to sample test as per plan to ensure that the same is as per requirement. This is over and above the test certificates, which are provided by the steel manufacturer.
- The steel used is certified for its chemical composition by respective chemical analysis and the mechanical properties like yield-strength by standard physical testing methods.
- The powder meant for finish is tested for its chemical and physical properties for every batch.
- The fasteners also undergo random sampling tests for its dimensions.
- We have well established in-process and final quality test methods to ensure that all the products manufactured as per Highest quality standards which is benchmarked with International offerings.
- These components, which are manufactured to exacting standards and are finished with superior finish are packed properly for road/rail worthy packing, and are carefully transported to avoid transit damages of the products and reach site in factory condition & good quality.

DESIGN EXCELLENCE:

- Our Design capability with global benchmarks provide efficient as well as customised solutions for all customer applications utilising advance technologies, knowledge base and understanding of industry applications.
- All our components are designed to the best quality standards conforming to the current Indian Standards and are also in line with the guidelines/standards enumerated in RMI and SEMA
- Our solutions are also tested through FEA for structural rigidity and safety thus producing designs, which are safe and efficient. Our design analysis and development activities are well supported by advanced software packages like, ANSYS, IDEAS, SOLID WORKS and AUTO-CAD .
- Continuous Product improvements and new product development utilising exclusive prototyping facilities and academic industry partnerships makes us a unique player in this field with an ability to cater to wider spectrum of industries and applications.

REACH & DISTRIBUTION:

The guiding principle at FIT-RIGHT is customer service and all our efforts are directed towards achieving highest standards of the same. Our products are backed by a very strong company sales and service establishments throughout the country as well as in strategic export markets.

FIT-RIGHT has been delivering storage racks, warehousing solutions and material handling solutions to various DEALERS/ MANUFACTURERS / TRADERS across India. We design, manufacture, deliver, provide after sales service and support for all the products delivered.

The map and the statistics below show the reach FIT-RIGHT has achieved in the respective states in the last 5 year and growing .

INDUSTRIAL LOCKERS

Industrial Locker offered by us is extensively cherished for their sturdy construction, excellent durability and resistance against corrosion. To make sure the same, we manufacture these lockers using better quality material and other components, while keeping in mind the industrial parameters.

These industrial safety lockers are offered with multiple lockers and are powder coated which makes the storing of products safe and easier. Offered in gorgeous designs, these can be customised/ painted in different sizes and dimensions depending upon clients demands

FEATURES :

- Door : Hinged Doors with punched holes for air ventilation.
- Manual lock for each door.
- With a Name Plate & Identification Plate on every door.
- Ground Clearance of 150 mm. • Finish Powder coated / Painted .
- **Accessories like Rod / Shelve available as per requirement**

Used in all Major industries, Warehouses , Factories , sport clubs, Laboratories, Hospitals & Educational institutes etc.
